Specifications

Material

Cushion - Premium TruColor™ material is fully compounded for superior color and quality assurance. Enhanced UV-resistant formulation suitable for both indoor and outdoor use. 2.75" thick foam top is attached to body with tamper-resistant hardware, including stainless steel screws and T-nuts for outdoors and zinc for indoors. Top is supported by marine grade plywood and can be upholstered in our collection of Stinson indoor/Sunbrella outdoor fabrics or COM.

Base - One-piece, rotationally molded, specially formulated, high-impact polyethylene with ultraviolet light stabilizers (to reduce fading). The commercial-grade polyethylene material is also FDA-approved, making it ideal for restaurants, food courts and entertainment facilities. Chemically resistant to bleach, salt solution and chlorine solution.
