KANGA™ Stool & Side Table

designed by
Karim Rashid

karim

Kanga is a quirky piece of multi-functional furniture with a tilted design and spherical form that gives it a dynamic sense of motion. It can be used as a stool or side table and features a flat top, plus an open “pass-through” from one side to the other that makes it perfect for taking a seat or sharing a cocktail.

Model #	Height	Width	Depth	Weight

Material

One-piece, rotationally molded, specially formulated, high-impact polyethylene with ultraviolet light stabilizers (to reduce fading). The commercial-grade polyethylene material is also FDA-approved, making it ideal for restaurants, food courts and entertainment facilities. Chemically resistant to bleach, salt solution and chlorine solution. Premium TruColor™ material is fully compounded for superior color and quality assurance. Enhanced UV resistant formulation suitable for both indoor and outdoor use.
