Material

One-piece, rotationally molded, specially formulated, high-impact polyethylene with ultraviolet light stabilizers (to reduce fading). The commercial-grade polyethylene material is also FDA-approved, making it ideal for restaurants, food courts and entertainment facilities. Chemically resistant to bleach, salt solution and chlorine solution. Premium TruColor™ material is fully compounded for superior color and quality assurance. Enhanced UV resistant formulation suitable for both indoor and outdoor use.

Lighting

Highly efficient LEDs brilliantly illuminate Tonik furniture. Standard AC power cable or rechargeable batteries (or a combination of both) can power Tonik Illuminated furniture. Choose the option that best fits your space capabilities.
