Material

One-piece, rotationally molded, specially formulated, high-impact polyethylene with ultraviolet light stabilizers (to reduce fading). The commercial-grade polyethylene material is also FDA-approved. Chemically resistant to bleach, salt solution and chlorine solution. Premium TruColor™ material is fully compounded for superior color and quality assurance. Enhanced UV resistant formulation suitable for both indoor and outdoor use.

Ballasting

Variable water ballast provides a secure footing on zero-depth pool entrances and ledges. See Biniki® Lounger Ballasting Instruction Sheet for full details.

Assembly

None Required

Warranty

5 year limited replacement warranty.

Maintenance

For routine and regular cleaning maintenance, Tonik® recommends the use of Simple Green® or an equivalent cleaning product. For the deep-scrub cleaning of tougher stains, marks and debris, we recommend the use of Clorox® Clean-Up® Cleaner + Bleach or an equivalent cleaning solution.

To avoid entrapment or drowning, use only as intended. Do not attempt to swim under the lounger, or use as a flotation device. Serious injury or death may occur.

Color

Due to differences in monitors, printers and materials, actual product colors may vary. Color chips are available for more accurate depiction of color.
